

I. STORY

- The Garden Universe is a magical land in our own minds where you won't change your age - Once again, you're back in the mind of a child. You are free to have fun, explore, be creative, and create your own wonderland. Let's go on an adventure with the game characters in the land of MAGIC!

II. ROAD MAP

1. Q2

- Skygarden game
- Crafting items
- Market/Shop/Trade
- breeding
- Pet
- connecting/Social

2. Q3

- Fruits of war
- Garden aquarium
- mine zone

3. Q4

- entire gameplay
- new feature updates

III. Document

- After logging in, the user must purchase a starter package.

1. Nursery liner

- The nursery liner will display on a distinct game screen from the cloud layer's screen.

- The maximum number of nursery linings that may be purchased is the same as the maximum number of pots that can currently be placed in the cloud layer. As an example: When there is just one cloud layer that may be opened, in each cloud layer only a maximum of 9 pots can be placed, and a total of 9 nursery linings can be purchased.

- There will be six categories of incubators: common, uncommon, rare, legendary, mythic, and immortal. The underside

This incubator will be capable of producing altered or maybe dead seeds.

The nursery liners	The nursery's cell	common	uncommon	Rare	Legendary	mythic	immortal
	rate of openness	80%	10%	5%	3.90%	1%	0.10%
	decrease the growth time	0%	5%	10%	15%	25%	40%
	decrease the death rate	5%		3%		2%	1%
	increase the rate of mutant plants	0%				0.2%	0.5%

2. Incubation of seeds

The incubation period for seeds is 6 hours. Has the power to generate specialized plants (specialist plants produce pet food).

Nursery for seeds	DETERMINATION OF WHAT TYPE OF A PLANT DEPENDS ON THE COLOR OF THE OBJECT PRODUCTS							
	Incubation time: 6 hours	Special	meta (WHITE)	wood (GREEN)	water (BLACK -PURPLE)	fire (RED)	earth (YELLOW)	waterlogged
	Rate	1.00%	18.80%	18.80%	18.80%	18.80%	18.80%	5.00%

3. Season

- The game will have four seasons: spring, summer, autumn, and winter. Every season will last three days. For instance, 1-3 (spring), 4-6 (summer), 7-9 (autumn), and 10-12 (winter) (winter).

- When watering, the season has an impact on the water value.

Winter background

4. Planting plants.

- This action will appear on the cloud layer's game screen.
- You will gain experience by participating in tree planting activities (experience points will be utilized to unlock the next cloud tier).
- **Pot system:** Pots must be purchased in-store or as part of the Start package beginning with Silver Pot. It is possible to upgrade to a better pot. (more images of the potting system)
There are three kinds of unique pots: NOUS, LUMI, WATER => Lumi/Water/Nous item drop rate should be increased (pictures of pots)
- **Watering the plants:** every 10 hours, there will be a price for watering the plants, and the period will vary depending on the season in-game. Will be done manually. PET will automatically water the plants with each cloud layer in the future update.
- **Fertilizer:** Fertilizer is available in the store. Fertilizers for mutant plants, fertilizer to shorten the growth period of the plant, and fertilizer to revive dead plants will be available (after incubation)

- **growing period:**

	DETERMINATION OF WHAT TYPE OF A PLANT DEPENDS ON THE COLOR OF THE OBJECT PRODUCTS						
	Incubation time: 6 hours	Special	meta (WHITE)	wood (GREEN)	water (BLACK -PURPLE)	fire (RED)	earth (YELLOW)
Seedling - mature tree - harvest	growing period	30h	10h	10h	10h	10h	10h
	watering plants every 10h	1\$ W	1\$ W	1\$ W	1\$ W	1\$ W	1\$ W

(show pictures of various types of trees; can provide a detailed introduction to mutant tree/specific)

- **Harvest:** Will be done manually. The next update will include PET auto-harvesting.

6. Insects:

- Appear at random
- Used to upgrade and cast pots
- The insect is highly contagious, and when it appears, it reduces harvest yield.

If there is no harvest after 2 hours, the yield is reduced by 10%, the productivity is reduced by 20% after 5 hours, and the productivity is limited to 40%.

7. shop

Pot				nurseries	gems	fertilizer		
Silver	Lumi	Water	Nous			ageless	rapid growth	revival
5\$	25%			50\$	50\$	5\$	20\$	20\$
